Friday, April 13, 2018

Dear District 10,

Please accept this letter as my application for the position of Executive Officer.

Since I was hired in 2006, I have always been involved in OSSTF and have played an active role in the District 10 and Northern Collegiate Branches. As a first-year teacher, I took on the role of CBC Branch rep for NCIVS. I conducted staff surveys, attended district meetings and communicated the information between the branch and district levels. I also attended AMDA that same year and have attended District 10 training sessions at various times.

Going forward, I have continued to stay active in our union. I have taken on roles as Branch President, CPAC and Status of Women Officers at both the branch and district levels. I have continued to attend AMDA on a yearly basis. I stay informed by attending regional meetings in Wallaceburg as well and I regularly relay information back to my colleagues.

This year I have remained committed to my participation in OSSTF proceedings. I am currently an Executive Officer, the District Status of Women Officer and Branch vice-president at NCIVS.

I hope these experiences will lead me to my continued involvement as an Executive Office with OSSTF District 10.

Sincerely,

Meighen McGregor
