D/BU #006/2018-2019

Advice for Members regarding Health and Physical Education Curriculum

To: Presidents and All Members

From: Harvey Bischof, President

For Information

As of the date of this DBU memo, the 2015 Health and Physical Education curriculum for Grades 9-12 remains in place. OSSTF/FEESO members should continue to teach the curriculum as provided in that document. Attached is related correspondence to the Minister of Education and the Ontario Public School Boards' Association.

Support staff members working in the elementary panel should continue to assist students in learning the curriculum as provided by the classroom teacher.

Inquiries regarding this DBU memo can be directed to Bob Fisher, bob.fisher@osstf.ca, or Cathy Renfrew, cathy.renfrew@osstf.ca, at provincial office.

As always, any members who finds themselves subject to any disciplinary procedure should immediately contact their local OSSTF/FEESO representative for assistance.

The Honourable Lisa Thompson
Minister of Education
Mowat Block
Queen's Park
Toronto, Ontario M7A 1L2

Dear Minister

It is our understanding that there are no changes to the secondary Health and Physical Education curriculum released by the Ministry of Education on August 22, 2018 as stated by the government's spokesperson, Simon Jefferies, to the CBC on August 22, 2018.

Accordingly, OSSTF/FEESO will be advising our members to continue to teach the curriculum contained in the 2015 Health and Physical Education curriculum document.

Sincerely,

Harvey Bischof
President, OSSTF/FEESO
