

Charter for Public Education in Ontario

To: Presidents and All Members

From: Paul Elliott, President

For Action

AMPA 2016 approved a motion which encouraged members to support a campaign designed to pressure provincial political parties to re-examine the funding of our existing four parallel school systems. Part of our campaign is to work with other organizations to lobby for a single school system in each official language in Ontario.

On October 21st, a website was launched to allow Ontarians to send a message to their local MPP calling on the government to create an all-party task force to examine such a demand. We urge all members to go to www.onepublicsystem.ca and sign onto the Charter for Public Education.

Please feel free to share this website information with other organizations and friends. You are encouraged to share this through your social media networks as well.

For more information please contact Domenic Bellissimo, Director, Communications/Political Action Department by e-mail at domenic.bellissimo@osstf.ca or by telephone at 416.751.8300 / toll-free 1.800.267.7867.
