Now Available – Common Threads VI *The Sustainable Society*

To: Presidents and All Members

From: Paul Elliott, President

For Information

OSSTF/FEESO is excited to announce the release of the sixth Common Threads Project:
The Sustainable Society.

The Project is a culmination of the work done over the past two and a half years by six members of OSSTF/FEESO from across Ontario. The Project explores the approaches taken to achieve/maintain social justice, equity, fairness, and democracy by contrasting and comparing two countries, Norway and Venezuela, and how each uses its petroleum resource to promote a Sustainable Society.

Unlike the release on CD/DVD of the previous five projects, *The Sustainable Society* is being released electronically on the OSSTF/FEESO website:

www.osstf.on.ca/common-threads-sustainable-society

Unit One is now available on the website with Units Two, Three & Four to be made available over the next few weeks.

For a more in-depth and interactive exploration of this resource, workshops are available to school teams, work place groups, bargaining units or districts. The workshop can be tailored to meet the needs of the group and ranges from one hour to two and half hours in length.

To book a workshop or for further information contact Rob Dubyk at the Provincial Office, 1-800-267-7867 or by email, rob.dubyk@osstf.ca.
