Professional Judgement and Growing Success Resources for Educators

To: Presidents and All Members
From: Paul Elliott, President

For Information

Understanding Professional Judgement is a new information tool developed for members by OSSTF/FEESO and is now available on the Provincial website.

This resource has been created to clarify teachers' understanding about what is and is not "Professional Judgement". This document should be used as a companion to the OSSTF/FEESO resource *An Educator's Guide to Growing Success* (originally titled *Growing Success Condensed*) which is a quick reference guide to the Ministry of Education's assessment and evaluation policy, *Growing Success*.

Bargaining Unit leaders will be provided printed copies of *Understanding Professional Judgement* and *An Educator's Guide to Growing Success* at the November Provincial Council Meeting.

Members may obtain an electronic copy for printing at:

<http://www.osstf.on.ca/professional-judgement>

For more information, please contact Rob Dubyk at rob.dubyk@osstf.ca or 1-800-267-7867.
