Report Cards and Transferable Skills

To: Presidents and All Members

From: Harvey Bischof, President

For Information

The following information can be shared with all members as applicable.

On January 30, 2018, OSSTF was informed that Indira Naidoo-Harris, Minister of Education, has accepted the recommendation of the Transformation Steering Committee regarding the proposed changes to the provincial report card:

“Provincewide implementation of global competencies/transferable skills in the student report cards will not move forward for the 2018-19 school year.”

There is no further information about new implementation plans at this time. OSSTF will continue to work with the Transformation Steering Committee to make recommendations that are in the best interest of Ontario’s students and educational workers.
