

April 20, 2022

DISTRICT COUNCIL

HEALTH & SAFETY REPORT

CERTIFICATION

Most schools should have a fully trained Health and Safety Representative; there was some turnover which require new reps to be trained when available.

SCHOOL AUDITS

TDHS April 20

GLSS April 28

WDSS May 3

CHEMICAL INVENTORY

It is reported that these inventories have not been done at all sites due to changes in schedules etc from Covid. This is still ongoing.

Training on new system is still on hold due to supply teacher coverage shortage.

"New to Science" training module has been updated.

JHSC TERMS OF REFERENCE

This has been returned to us (workers) from the management group for review of the changes/edits they have recommended. OSSTF and CUPE to review and respond.

SCHOOL AED'S

Board are aware of outdated batteries and pads however due to global supply chain interruptions, new ones are back ordered - this is still an issue.

SCHOOL LADDERS

These inspections are now occurring with a new contract with Paris Crane secured.

School Survey on what communication devices are used in case of emergency, concerns etc was sent to all schools from the board - still awaiting all responses.

Purchasing Flow Chart to be updated to prevent any Purchase Card holders from ordering chemicals/materials that the board does not have in the SDS system.

Secondary school administrators and building maintenance ensuring that PA systems in each school have an "all call" procedure in which the entire building can be notified of announcement.

UPCOMING MEETING: Worker Meeting - May 18, 2022

Stuart Baillie, Health and Safety Officer
OSSTF District 10 Lambton Kent
